

# Med Spa Services Voice Agent

Muhammad Nadeem

## Project Overview

Professional voice booking system for aesthetic treatments with precise client data capture and GHL integration.

## Key Features

- Multi-service calendars
- Staff routing
- Complimentary consultation flow
- High accuracy via spelling confirmation

## Sample Flow

Caller wants dermal filler → Agent explains price/duration → books consultation → confirms details → creates GHL contact

## Tech Stack

- Retell AI
- n8n
- Go High Level

## Impact

- Higher conversion from consultations
- Clean client records
- Professional client experience
